

outlines highlights for practical pdf

In informal logic and philosophy, an argument map or argument diagram is a visual representation of the structure of an argument. An argument map typically includes the key components of the argument, traditionally called the conclusion and the premises, also called contention and reasons. Argument maps can also show co-premises, objections, counterarguments, rebuttals, and lemmas.

The previous article in the Speech Preparation Series described how to select your speech topic and your core message.. This article describes how to support your core message with a speech outline, and provides numerous examples. This is the second step in the six-step speech preparation process.. Writing an outline is, unfortunately, a step that many skip.
