The New Testament verses not included in modern English translations are verses of the New Testament that existed in older versions of the Bible (primarily the King James Version), but did not appear or were relegated to footnotes in later versions, such as the New International Version. Scholars generally regarded these verses as later additions to the original text.

A Note on Terminology Advocates of free translation have invented several terms to refer to their approach. The term dynamic equivalence was coined by Eugene Nida in an attempt to avoid the negative connotations of the word paraphrase. Later, Nida used the term functional equivalence to avoid the negative connotations which quickly became attached to dynamic equivalence.
