In problems concerning gravity on earth the acceleration ( $a$ ) becomes approximately 9.8 meters per second squared ( $a$ ). An object that starts from rest falls for one second at a speed of 9.8 m/s. After 2 seconds the speed is 19.6 m/s and after 3 seconds it is 29.4 m/s.

Earthquake prediction is a branch of the science of seismology concerned with the specification of the time, location, and magnitude of future earthquakes within stated limits, and particularly "the determination of parameters for the next strong earthquake to occur in a region. Earthquake prediction is sometimes distinguished from earthquake forecasting, which can be defined as the ...

### **Earthquake prediction - Wikipedia**

Engineering physics or engineering science refers to the study of the combined disciplines of physics, mathematics and engineering, particularly computer, nuclear, electrical, electronic, materials or mechanical engineering. By focusing on the scientific method as a rigorous basis, it seeks ways to apply, design, and develop new solutions in engineering.

APEC Cooperation for Earthquake Simulation ACES. ACES is a multi-lateral grand challenge science research cooperation of APEC (the Asia Pacific Economic Cooperation). The project is sponsored by Australia, China, Japan and USA and involves leading international earthquake simulation and prediction research groups.

A longitudinal wave is a wave in which the particles of the medium are displaced in a direction parallel to the direction of energy transport. A longitudinal wave can be created in a slinky if the slinky is stretched out horizontally and the end coil is vibrated back-and-forth in a horizontal direction.

The prime focus of Tectonophysics will be high-impact original research and reviews in the fields of kinematics, structure, composition, and dynamics of the solid earth at all scales. Tectonophysics particularly encourages submission of papers based on the integration of a multitude of geophysical, geological, geochemical, geodynamic, and geotectonic methods with focus on:
