Bottom Line: Pimsleur is one of the most accurate and effective programs for learning to speak and understand a new language. It won't teach you reading or writing, but this audio-intensive program ...

The Best Language-Learning Software of 2018 | PCMag.com

This article is a major update to my previous review of Rocket Languages (updated for the new 2018 edition).. I've had to adjust some of the harsh criticisms below I made in my earlier review of their courses because the new edition has fixed or removed most of the major flaws I pointed out earlier (I've also included a video below).

The Most Frank And Honest Review Of Rocket Languages Ever

I've also listed some other excellent alternatives on my Essential Language Learning Tools page.. There are just so many better alternatives to spend money on! It's true that some people have no problem affording Rosetta Stone and there is of course the option of buying an older version or a second-hand copy which is a significantly cheaper option.
