Freemium is a pricing strategy by which a product or service (typically a digital offering or an application such as software, media, games or web services) is provided free of charge, but money (premium) is charged for additional features, services, or virtual (online) or physical (offline) goods. "Freemium" is a portmanteau of the words "free" and "premium".

Freemium - Wikipedia

In recorded music, record labels distinguish between an executive producer and a record producer. The executive producer is responsible for business decisions and more recently, organizing the recordings along with the music producer, whereas the record producer produces the music.

Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and Cox (1964) offered an example in which the data had the form of survival times but the underlying biological structure was of hazard rates, and the transformation identified this.
