The decline of Buddhism in the Indian subcontinent refers to a gradual process of dwindling and replacement of Buddhism in India, which ended around the 12th century. According to Lars Fogelin, this was "not a singular event, with a singular cause; it was a centuries-long process." The decline of Buddhism has been attributed to various factors, especially the regionalisation of India after the ...

Beginning from the late eighteenth century, the Ottoman Empire faced challenges defending itself against foreign invasion and occupation. In response to foreign threats, the empire initiated a period of tremendous internal reform which came to be known as the Tanzimat, which succeeded in significantly strengthening the Ottoman central state, despite the empire's precarious international position.
