This line of argument can be largely separated from the more controversial elements of Kant's moral system, to provide even non-Kantians with a plausible, but not obvious, rationale for avoiding moralistic judgments. Casual readers of Kant's ethics may find it to be a surprising source for an argument against moralistic judgment of others.

Plausible reasoning is defeasible. Plausible reasoning is based on the way things generally go in familiar situations. Plausible reasoning can be used to fill in implicit premises in incomplete arguments. Plausible reasoning is commonly based on appearances from perception. Stability is an important characteristic of plausible reasoning. Plausible reasoning can be tested, and by this means, confirmed or refuted. Probing into plausible reasoning in a dialogue is a way of testing it.
