The Science Of Trust: Emotional Attunement For Couples By

The Science of Trust is a very dense book written more for other therapists than for laypeople like myself. However, I found immense benefits and insights from reading it. However, I found immense benefits and insights from reading it.

The Science of Trust: Emotional Attunement for Couples by

Theoretical approaches on trust in Science point out that trust is a constituent for our contemporary society in which specialization and complexity are ubiquitous (Barber 1987; Rolin 2002). However, the body of scientific knowledge is not the only thing that is continuously growing: so is the public's need for information about scientific topics.
